About This Content

The EMPEROR'S CHILDREN Legion betrayed their figurative father -- the Emperor of Man -- some ten thousand years ago, during the Horus Heresy. The Legion fell to the perverse temptations of the Chaos God Slaanesh, becoming addicted to the sensations of battle and conquest. They have served the Prince of Excess ever since. -- Once the Imperium's finest tacticians and siege-masters, the IRON WARRIORS sided with Chaos in the ancient Horus Heresy and turned their skills against Humanity.

The Legion's warsmiths now blend ancient technologies with daemonic gifts, creating terrible war machines and fearsome weapons.

warhammer 40 000 space marine - traitor legions pack

This is a good DLC and a pretty decent character pack.

I will do some pros and cons for the DLC

PROS

- The modelling is great
- Unique armor types such as the helmet and backpack on the Iron Warrior and the skin on the leg of the Emperor's Children marine and also unique styling of each armor
- You can show off the skills of the Emperor's Children and their Primarch, Fulgrim, in the arts of warfare where they excel
- Also you can spot the weaknesses in the ranks of other Chaos armies because you're a son of Perturabo and part of his Iron Warriors which are masters of siege

CONS

- No cons

I recommend it. 10/10 would fight for Chaos again!
